<b>Synopsis:</b>	Staff will facilitate a Council discussion on the Council's legislative priorities beyond those identified in the Strategic Action Plan.
<b>Guiding questions:</b>	Given the major fiscal challenges facing the state in the upcoming biennium, how can the Council be most effective in its legislative advocacy efforts? Is there staff work that can be done prior to next session that would support these efforts? Does the Council want to respond to legislative proposals that would decrease state support for higher education or increase state revenue?
