Processed: Student's FAFSA was processed with no errors!

Submitted (missing only student and/or parent signature): Student submitted a FAFSA via www.fafsa.gov but it wasn't able to be processed because either the student or parent (or both) didn't sign. To fix this, the student should log back into their FAFSA and confirm their PIN and parent PIN information is entered correctly.

Submitted (has other errors): Student submitted a FAFSA via www.fafsa.gov but has other errors than missing *only* missing a signature. Student should log back into their FAFSA to investigate.

Unmatched: Student has not submitted a FAFSA (likely) *or* student's OSPI and FAFSA data did not match (less likely). Reminder: You can match a student with a potential match if you know the student is the same in the students section of the portal.

Washington Application for State Financial Aid (WASFA): State Financial Aid for DREAMers at: http://www.readysetgrad.org/wasfa. Please note that at this time the FAFSA Completion Portal only shows FAFSA submission data.
