FROM: Andrew R. Bodman, Chair
RE: Advanced Placement (AP) Credit Transfer Agreement

In 1999, ICAO adopted an agreement regarding the acceptance of AP credits in transfer. This memorandum clarifies and provides a record of that decision.

Washington public baccalaureate institutions will award credit for an AP score of 3 or higher for students who enter the institution as freshmen or as transfers. Credit will be awarded on the basis of official AP results, not based solely on transcript notation. Credits granted will apply to general education or major requirements when specified by the receiving institution's AP credit policies; otherwise, elective credit will be granted.
