Key Facts about Higher Education

Information Item

“Key Facts about Higher Education” in Washington provides vital data to chart higher education’s progress and challenges. First published in 2002 by the Higher Education Coordinating Board, this annual report highlights *Key Facts* about Washington’s postsecondary institutions, including faculty, students, budgets, and financial aid.

The report provides basic information about the state’s higher education system, including institutions, enrollment figures, and budget information. It also provides comparisons with other states on important statistics, offers information showing how the state benefits from higher education, and provides data on some of the current challenges facing higher education in Washington.
