**Student Achievement Council to Meet March 26 at Saint Martin's in Lacey**

**OLYMPIA**—The Washington Student Achievement Council will meet on Tuesday March 26 at Saint Martin's University in Lacey. The agenda includes planning briefings on three topics that will be addressed in the Council's 10-year education Roadmap for increasing educational attainment in Washington.

Separate panels will discuss early learning and remedial education, two topics included under the broader challenge area of student readiness. The Council has identified student readiness as one of five challenge areas to be covered in the education Roadmap. The third presentation at the March 26 meeting will cover skills, knowledge and experience, a topic included under the Roadmap challenge area called institutional capacity and student success.

Three additional challenge areas that will be discussed in the Roadmap are affordability, technology and funding. The Roadmap is the Council's major work this year and is due to the Legislature and Governor by December. More information about the Roadmap is available on the Council website at [www.wsac.wa.gov/PlanningAndResearch/Roadmap](http://www.wsac.wa.gov/PlanningAndResearch/Roadmap).
